FOR IMMEDIATE RELEASE

**K&K CONSTRUCTION SUPPLY, INC.
ANNOUNCES NATIONAL CERTIFICATION AS
WOMEN-OWNED BUSINESS ENTERPRISE (WBE)**

North Las Vegas, NV (April 29, 2009) – K&K Construction Supply, Inc., a Las Vegas-based firm owned by Karly and Kelly Urata, announced today that the company has been certified as a Women-Owned Business Enterprise (WBE) by the Women’s Business Enterprise National Council (WBENC). While K&K has been 100% women-owned since its inception, the rigorous certification process by WBENC insures that the business is owned, operated and controlled by women.

“This national recognition is a valuable tool in accessing corporate supplier diversity programs within corporations and governmental procurement programs,” noted Karly Urata, president of K&K. “My sister and I are extremely excited about the opportunities and recognition that this national certification brings to our company.”

K&K, founded in 2006, sells products such as lumber (FSC), grouts, chemicals, formwork and tilt-up, safety supplies, small tools, power equipment, fire and water proofing protection and much more to general contractors, concrete contractors, grading and paving contractors, landscapers, pool contractors, electricians, housing developers, civil engineers and tile and marble companies, to name a few.

K&K supplies clients in the Southern Nevada region, in addition to St. George, Utah and shipping nationwide.

In addition to WBENC, the company is a member of the Association of General Contractors, the National Association of Minority Contractors and the U.S. Green Building Council/Las Vegas chapter. While the firm supports many charitable causes, they are most actively involved with Olive Crest, one of the west coast's premier children's charities, promoting the safety and wellness of children and families, including fostering and adoption. K&K provides trucks whenever needed, in addition to adopting families for the holiday season.

K&K Construction Supply, Inc. is located at 203 E. Mayflower in North Las Vegas, NV and can be reached by calling (702) 240-4300 or visiting their website at www.kkconstructionsupply.com.
